467.8125	K	467.9250	Blue Star

\* Talk ranges are averages based on field study. Actual range may vary depending on terrain and conditions.

### FCC License Required in U.S.

For application and licensing information, call the FCC at 1-888-CALL-FCC. (Application fee may apply.) For licensing information for other countries, please see the owner's manual.

FCC regulations require that most new licensees must be operating on 12.5 kHz channel spacing capable radio. The Spirit GT and Spirit GT+ radios operate on 12.5 kHz channel spacing and will not have optimal sound quality when used with radios operating on 25 kHz channel spacing. If you have any further questions, call Motorola Product Services at 1-800-448-6686.
